

collagen regenerate

BSc Collagen Regenerate & TENDOFORTE®

- Collagen regenerate is Australia's FIRST bio-active collagen peptide for tendons & ligaments
- Body Science Collagen Regenerate uses the clinically tested TENDOFORTE® collagen protein which has been used in multiple clinical trials in Australia, the UK and the US.
- Body Science Collagen Regenerate delivers bioactive collagen peptides specifically formulated for tendon and ligament regeneration enhancing absorption and delivery.
- Collagen Regenerate can be used in lower doses around training to boost collagen synthesis and prevent injury or during athlete recovery periods in combination with rehabilitation protocols to enhance recovery.
- Body Science Collagen Regenerate includes 50mg of Vitamin C to assist in connective tissue synthesis
- Collagen Regenerate is HASTA certified
- The most versatile collagen on the market. For professional athletes, functional trainers, bodybuilders, rehab patients, the general and elderly population, endurance sports athletes.

Prescribing collagen supplementation

- Low dose for prevention and additional support in the recovery period: 5g daily peri-training
- High dose for recovery of specific tissue damage: 10-15g daily during rehabilitation

Additional Collagen Regenerate Fast Facts

- Athlete approved – HASTA certified. EVERY batch tested
- Highly absorbable in comparison to other collagen products on the market.
- Supported by a AIS study
- How to take it? To nourish your connective tissues, tendon ligaments ensure you take a daily dose for consecutive days to saturate the tissue and get optimal benefits
- BONUS: While Collagen Regenerates high bioavailability and quality ensures its use for tendons an ligaments, a bi-product of this quality and potency are the generic “beauty” benefits that occur from supplementing with collagen occurring IN ADDITION to the tendon and ligament benefits.

How to incorporate into your daily routine?

Simply mix with 250ml of water OR add it to your..

- Morning coffee
- Smoothie
- BCEAA
- Protein pancake's- ADD to any recipe!
- Protein shake
- Yoghurt
